

## People Resources for Children's Workshops

Before searching for people resources, one needs to know what the expectations are before recruiting people. Having clear goals will be valuable to present to potential volunteers.

### Goals for the Children's Program at Missions Fest™:

- the same general goals of Missions Fest™: to provide information about the needs and opportunities to serve; to celebrate what God is doing; to challenge people to get involved in the Great Commission in various ways.
- to learn about many People Groups around the world: their location, their culture aspects, their need to know about Jesus, the role of prayer for them, etc.
- to learn about the immigrants and refugees living in one's locality and how to reach out to them
- to learn about some of the mission agencies present at Missions Fest by providing a plan to assist them in researching information from them, questions to ask, create a passport, etc.
- to discover biographies of missionaries in the bookstore.

### Potential People Resources:

- missions agency workers visiting the Missions Fest™ conference
- child evangelists
- children's after-school clubs leaders
- missionaries and/or spouses of missionaries on furlough
- inactive or retired missionaries
- school teachers
- ethnic churches
- Sunday School teachers
- people who have experienced a Short Term Mission
- immigrant/refugee placement personnel
